

MEMORANDUM

TO: Bola Akande, City Administrator
FROM: Gina Jarvis, Finance Director
DATE: June 19, 2012
SUBJECT: May 2012 Financial Status Report

INTRODUCTION:

The purpose of this memo is to present a detailed analysis of the City’s financial status as of May 31, 2012. We are almost half way through the budget year and overall, city revenues and expenditures continue to be on target with the 2012 budget. If you have questions or need any additional information, please let me know.

Taxes:

Ad valorem tax revenue is posted to the General Fund in November. Year to date sales tax revenue is on pace with 2011 and is tracking higher than the 2012 budget through May. Utility tax revenue is slightly below 2011 and the 2012 budget at 36.91% of the 2012 budget. We will need to monitor this revenue source in the next few months to determine if this will resolve itself during the peak summer months for electric usage. Other tax revenue includes the road & bridge tax, financial institution tax, railroad & utility tax, state motor fuel tax and cigarette tax. These taxes combined are right on target with the 2012 budget at 43.10%.

Licenses and Permits:

Business license revenue is right on target with last year and the 2012 budget. Building permits are still down compared to the 2012 budget but we anticipate a steady increase in this revenue source as current development projects in the city move forward. Other license and permit revenue includes liquor licenses, automobile licenses, occupancy permits, planning/zoning applications, electrical permits and plumbing permits. These revenue sources continue to track higher than 2011 and reflect 61.07% of the 2012 budget.

Fines and Forfeitures:

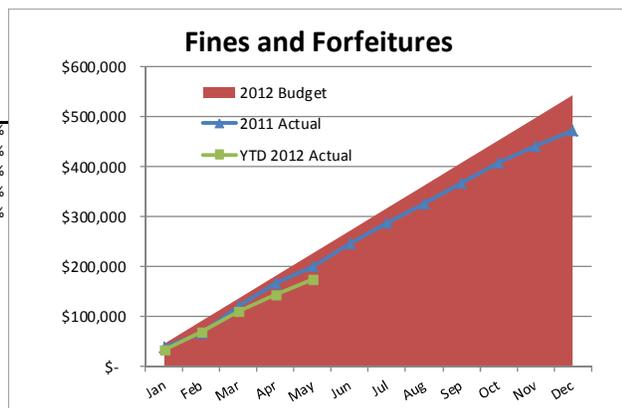

Fines and forfeitures continue to be coming in less than anticipated in the 2012 Budget at only 31.89% and are below 2011 levels. During the month of April, we were able to determine that the number of tickets issued through March was less than the prior year which would explain the revenue decline. The police department has indicated that a 2nd traffic officer started in May so we should start to see the number of tickets increase as a result.

Intergovernmental:

Intergovernmental revenue includes anticipated grant revenue, revenue from the library and the City of Rock Hill. In April, we made an accounting change to move reimbursements from the DEA to intergovernmental revenue. Previously this revenue was posted directly to the police department overtime account. In the overtime analysis, you will see that this accounting change resulted in an increase in police overtime which now reflects actual costs for overtime in the department. It is important to note that a portion of the overtime is funded by the DEA. Total year to date revenue is 70.36% of the 2012 budget.

Charges for Services:

Charges for services include revenue from parks and recreation, garbage and public safety services. Year to date, this revenue source is on track with 2011 but below budget at 35.01%. We will need to consult with Parks and Recreation to determine if this budget shortfall is expected to be recouped in the coming months due to the seasonal nature of some of the revenue such as Rink Fees and Ice Rink Rentals.

Administration:

Administration department expenditures in 2012 will be higher than in 2011 because related Municipal Operating costs were moved to Administration in 2012. Year to date expenditures have leveled out in recent months as this department has realized some savings to offset a payout for a long term city employee that occurred in January. However, we will continue to monitor this department to make sure it stays on target and that there are no budget problems that need to be addressed.

Police Seizure Funds:

An accounting change was made in April to create a separate division in the General Fund for budgeting and expending police seizure funds. Previously, these expenditures were posted against the seized property revenue account. This resulted in difficulty in reporting actual revenue and expenditures related to the seizure funds and these expenditures were not being properly budgeted. In the future, the police department will budget for the use of seizure funds each year during the budget process. Later this year, a budget amendment will be submitted to budget for the expenditure of seizure funds in 2012.

The Police and Fire Pension Fund is presented for information purposes only. The Police and Firefighters Pension Plan Board of Trustees oversees this fund. The Police and Fire Pension Fund activity for April was posted in May. There were some decreases in market value of the pension fund investments in April which is reflected as reductions in revenue to the fund. There were no retirement payouts in April so expenditures were more in line with 2011. However, we are still tracking well above the 2012 budget.

Overtime Analysis

Overall city overtime is at 47.61% of the 2012 budget. During May, it was determined that overtime incurred in December, 2011 was paid in January, 2012 so we should expect to see overtime run somewhat higher than budget throughout the year. This should correct itself partially in December as overtime at the end of December will be paid in January 2013. As expected, the Fire department overtime usage is higher than normal because of vacant positions that were filled in June. We will need to continue to monitor overtime in the next few months to make sure that we start to see this start to level out now that the new employees are on board. We will also need to monitor Parks and Recreation part time overtime as it appears to be tracking higher than anticipated. As noted in the Intergovernmental Revenue section, we made an accounting change in April to move reimbursements from the DEA to intergovernmental revenue. Previously this revenue was posted directly to the police department overtime account. This accounting change resulted in an increase in police overtime which now reflects actual costs for overtime in the department. It is important to note that a portion of the overtime is funded by the DEA. We have noted this below along with other grant funding we receive for overtime.

Department Overtime	2011 Actual	2012 Budget	YTD 2012 Actual	2012 % of Budget
