General Fund Revenue

Total General Fund revenue through August is below 2015 but is at 67.37% for the 2016 budget so only slightly above. The General Fund expenditures are coming in below budget at 57.19% thus giving us a positive total net of over \$1.3 million for the fund. This is an approximately \$200,000 drop in the total net from July. However, we can also expect an influx of revenue in November for ad valorem taxes. The following section provides detail information for the City's General Fund revenue.

Taxes:

Ad valorem tax revenue is posted to the General Fund in November. The amount represents the estimated revenue based on the adopted tax rates. Year to date sales tax revenue continues to be above 2015 but is now slightly below the YTD 2016 budget at 64.89%. Utility tax revenue is lower than 2015. While we did make up some of the difference in August we are still below budget at 60.07% for 2016. Since the market for utilities dictates this revenue we can only monitor it for any adjustments that may be needed in the last quarter of the year. Other tax revenue includes the road & bridge tax, financial institution tax, state motor fuel tax and cigarette tax. These taxes combined are well above 2015 but slightly below the 2016 budget at 65.67%.
