Subject: FY 2017 Street Projects- Open House

Dear Brentwood Resident,

West Contracting has been awarded the contract to provide street mill and overlay services at 25 streets (per attachment) as well as provide removal and replacement of pavement at the south entrance into the Brentwood Promenade. Work on these projects is anticipated to commence around July 17, 2017 and all projects completed by August 31, 2017, weather permitting. The asphalt restoration projects consist of grinding or milling the top two-inch layer of asphalt pavement and then applying or overlaying with a two-inch layer of new asphalt material. After fresh asphalt is installed, access to the street and impacted driveways will be prohibited for several hours to allow the asphalt material to cool and harden properly.

At times, crews will place "No Parking" signs along the effected work zones during the mill and overlay construction hours. Advanced notification will be provided on the City's website at www.brentwoodmo.org and to the respective residents in the work zones. In addition, a public open house has been scheduled for Tuesday, July 11, 2017 from 5:30 p.m. to 6:30 p.m. in the Council Chambers at City Hall (2348 South Brentwood Boulevard). A representative from West Contracting will be in attendance to provide additional information about the project process and schedule and to answer any questions you may have.

The City of Brentwood would like to apologize in advance for any inconvenience this work may cause you. If you have any concerns or questions, please feel free to contact Daniel Gummingsheimer, Director of Public Works at (314) 963-8642.

As always, we thank you for your cooperation during this event.

Sincerely,

Daniel Gummingsheimer, P.E.
Director of Public Works

2017 Asphalt Street Mill and Overlay Project

The city 2017 Asphalt Street Mill and Overlay Project will consist of the following streets.
(Streets are not listed in the order of completion.)

- Dorothy Avenue
