

STREET SWEEPING SCHEDULE

Brentwood's Public Works Department provides street sweeping services on most streets in Brentwood. Public Works will follow this routine schedule as best as possible from approximately April through November and may adjust based on staffing and other work priorities. To better clean the debris in the streets, we encourage residents to move vehicles from the streets into their driveways where possible from 7 am to 3 pm on the scheduled day. For streets with no curb cuts or driveways, Public Works will continue to drive around any vehicles at these locations.

If the sweeping is postponed on the scheduled date, the sweeping will take place the following week on the same day.
