Update on local crime and incidents of interest

A New Look

By Major Hawkins

This month's newsletter has a brand-new look and a new focus! We want to highlight our officer's accomplishments, show you our officers at community events, and keep you in the loop on important crime information that impacts your community.

The monthly newsletter will now follow this format and hopefully give our Brentwood residents a better idea of what our officers do on a daily basis both in the community and on patrol.

As I say in every newsletter, please lock your vehicles, keep valuables and guns with you at all times, and call 911 if you see anything suspicious.

Officer Recognitions

April 18, 2022 Board of Alderman Meeting

During 2021 we had many officers who showed incredible bravery, selflessness, and compassion. These officers were recognized as Officers of the Month during 2021, and an overall officer was voted on to earn Officer of the Year!

Officer Alex Wilcox, also the Community Response Officer, was chosen as the Brentwood Police Department's 2021 Officer of the Year.

Selected as the BPD Community Response Officer, Officer Wilcox is tasked with traffic enforcement and retail liaison duties with our businesses. Wilcox was able to create a positive, communicative working relationship with many of the Brentwood businesses, generated a high volume of reports for retail related crimes, and generated numerous arrests as a result of his investigations. His dedication to this role has made the CRO program a success.

Nighttime Crime

April 23, 2022

A security camera captured an armed subject trying door handles in the early morning hours near Louis and Cecilia.

Unusual Sight

April 27, 2022

First responders were called to an odd traffic crash just north of the First Watch restaurant on the afternoon of April 27, 2022. They located a gentleman in his overturned vehicle and EMS transported him to the hospital where he was listed in stable condition.

It is unknown what led to the crash, but the vehicle started on Bobolink, ran through a handrail, then fell over the side of the thirty foot retaining wall, landing on an unoccupied vehicle before coming to rest on its roof.
